X

1. On Tuesday [REDACTED] met with COS Saigon, [REDACTED] to discuss his language training requirements. He pointed out the relatively small number of Vietnamese language qualified personnel at the station and his continuing need for more trained people. Particularly, he needed more middle-level experienced language qualified personnel. He told us that he would like to have more emphasis given to providing the students with political and tactical military terminology. We indicated that we would be able to do this. We also pointed out that our staff has been upgraded in the past year and that our present staff is highly qualified.

2. [REDACTED] in company with [REDACTED] visited the [REDACTED] regarding some modifications of the original plan for the [REDACTED] building. Because of floor loading problems they wanted to switch the location of the Support School to the second floor and the Language School offices to the fourth floor. We agreed that this would present no problems. Late Wednesday, [REDACTED] C/RECD, called to inform me that the owners of the 1701 Fort Myer Drive building had withdrawn their bid, leaving only the [REDACTED] building as a possibility for new quarters.
